

January 1, 2009

Dear Referring Provider:

Thank you for inquiring about our specialty care services at University of Michigan Health System (UMHS). To better serve you and your patients, we have created a referral process for you to follow when referring Medicaid HMO members.

UMHS does not participate with the following Medicaid HMO plans:

- CareSource of Michigan
- Great Lakes Health Plan
- Health Plan of Michigan
- McLaren Health Plan
- Molina Health Care of Michigan
- OmniCare Health Plan, Inc.
- PHP Mid Michigan Family Care
- Priority Health Government Programs, Inc.
- ProCare
- Total Health Care
- Upper Peninsula Health Plan

To schedule the initial appointment for the patients with the above plans, the health plan must complete the UMHS authorization on-line form at [www.med.umich.edu/medicaidaccess/](http://www.med.umich.edu/medicaidaccess/). Once the form has been completed by the health plan, your office should contact M-LINE at 800-962-3555 to schedule an appointment. *Please identify that your patient is a Medicaid HMO member.*

Note: The M-LINE number is not for patients and is designated for referring providers only.

Thank you for referring your patient to UMHS.

Sincerely,

The University of Michigan Health System

This process has been developed in collaboration with the State of Michigan and the 14 licensed Medicaid Health Plans.
