What is a video visit?

What is a video visit?

يجب أن تكون في ولاية ميشيغان في وقت زيارتك لاستخدام خدمة زيارتك الفيديو.

You must be in the State of Michigan at the time of your visit to use the video visit service.

Please note that not all insurance covers video visits for patients at home.

Ultimately, it is your responsibility to confirm your coverage.

How do I confirm coverage for my Video Visit?

كيف يمكنني تأكيد تغطية زيارتي بالفيديو؟

لتأكيد التغطية مع شركة تأمينك ، ستحتاج إلى أن تسأل عما إذا كان التأمين سيغطي إتصال صوتي بصري ثنائي مباشر بين الطبيب والمريض عندما يكون المريض متخذه في المنزل. يرجى أن تكرر بأنه ستكون في المنزل لزيارة الفيديو.

To confirm coverage with your insurance company you will need to ask if you are covered for a live 2-way audiovisual communication between the
physician and patient when the patient is located at home. Please repeat that you will be at home for the video visit.

The insurance company will also need to know that your provider will bill:

GT modifier with CPT Code: __________

What do I do if my Video Visit is not a covered benefit?

If your insurance does not offer video visits as a covered benefit, you will be eligible for a self-pay discount for the video visit. Call Patient Financial Services at 1(855) 855-0863 once you receive your bill for the service.

What should I know if my Video Visit is a covered benefit?

If you have coverage, then your plan will process video visits the same as a face-to-face visit. Your copay, coinsurance or deductible will be based on your plan benefits. Covered benefits are not eligible for the patient pay discount.

Additional information about preparing for your video visits is available at:

https://www.uofmhealth.org/virtualcare/virtual-care-video-visits

If you have questions or concerns about your virtual visit, please call Patient Financial Services at 1(855) 855-0863.
