Binder feedback
Dear Patient and Family,

Welcome to the Michigan Medicine Cellular Therapy & Blood and Marrow Transplant (BMT) program. Over 25 years ago we began performing the first transplants, today we are proud to have cared for thousands of BMT patients from Michigan and beyond. To provide outstanding medical treatment, we believe in a multi-disciplinary team approach that features expertise in all facets of the BMT process. Michigan Medicine is a leader in bringing innovative treatments, state of the art facilities, research and educational resources to serve our patients. We are very excited to partner with you as you embark upon this important journey!

This BMT resource binder is to provide a resource for information on some of the ‘key steps’ that you may find helpful as you proceed through the transplant process. Understand that it is common to have questions and to feel overwhelmed when you receive materials, the binder is only one resource and we encourage you to use the “Notes” pages in the front to write down information and questions. The BMT staff are available to you to help navigate through this entire process.

How should this resource information be used?
- You and your family/caregiver will find information that will be useful before, during, and after your transplant.
- Read sections that address certain questions you may have.
- Review information with your family/caregiver.
- Write down questions that you may have for your transplant staff and bring them to your appointments. (Transplant Outcomes & Treatment
Decisions) from BE THE MATCH in section 1: Pre-Transplant Information is a guide to help you talk with your doctor.

Who do I call if I have questions after I see the transplant team?

- The BMT Clinic is open Monday -Friday, from 8am to 5pm. During these hours, call (734) 936-9814.
- After 5pm, on weekends, and holidays, call (734) 936-6267 and ask for the BMT physician on-call.
- You can also refer to the following handouts for further contact information on the next page labeled “BMT Pre-Transplant Contact Information” and also in Section 5 labeled “BMT Discharge Contact Information.” These handouts give you several phone numbers that you may find helpful. If you have any questions or concerns about anything, do not hesitate to call.

Thank you for entrusting your care to us. We are committed to providing the very best comprehensive care for you and your family.

Sincerely,
Your Blood and Marrow Transplant Team
# BMT Pre-Transplant Contact Information
