Advancing Care, Improving Lives

Join us in supporting world-class nursing
We are honored to care for you. The needs of our patients are at the heart of everything we do. We are committed to providing compassionate, evidence-based care that can make a difference for families everywhere.

**Nursing Needs Victor**

As nurses, we are there to listen, understand, and offer guidance as you or a loved one manages treatments and copes with health concerns. We also strive to improve the delivery and quality of care that every patient receives.

Nursing at Michigan is seeking to advance the art and science of nursing by providing leadership, education, and research opportunities to our more than 6,000 nurses. Professional development, research, and innovation programs are equipping our nurses to lead the way in transforming patient care.

We invite you to join our community to support and celebrate exceptional nursing.
You Can Make a Difference

Philanthropy provides U-M nurses with support and resources to deliver the most complete and compassionate care. It can also inspire them as they advance cutting-edge ideas to improve all areas of health care.

Gifts to Nursing at Michigan support two key areas:

**Professional Development**
Help connect our nurses to the latest advances in the field and support them as they further their careers, grow their expertise, and contribute to the knowledge base that is the foundation and future of nursing care.

**Research and Innovation**
Encourage the groundbreaking ideas and research that can improve health care in Michigan and around the globe. Gifts will support our nurses as they use their diverse experiences to advance concepts, develop studies, and apply findings that revolutionize patient care.

“Nurses are healers, advocates, and a guiding voice in the health care journey. But it truly takes a community to give our patients the best outcomes. It is the support we get from those we’ve cared for, their families, friends, and so many others that helps us deliver the most current and compassionate patient-centered care.”

Jesus Cepero, Ph.D., RN, NEA-BC
Chief Nursing Officer
C.S. Mott Children’s Hospital and Von Voigtlander Women’s Hospital
To make a gift to Nursing at Michigan, please consider:

- Making a contribution online: [victors.us/nursing](victors.us/nursing)
- Mailing a check, specifying Nursing at Michigan: Michigan Medicine Office of Development 1000 Oakbrook, Suite 100, Ann Arbor, MI 48104
- Remembering Nursing at Michigan in your will or estate plan
- Contacting us to discuss how we can achieve our shared goal of supporting nursing and world-class care

See what we can do together. Visit us at med.umich.edu/NURSING, talk with your nurse, or call our development officers at 734-998-7705.
