

Healthy Lifestyle: Diet & Nutrition

Last revised: July 2008

The purpose of this guide is to help patients and families to find sources of information about heart healthy diet and nutrition. This list is not meant to be comprehensive, but rather to provide starting points for information seeking. The resources may be obtained at the Wellness Resource Center, room 2101 in the Cardiovascular Center.

Web Resources

- **Aim for a Healthy Weight** – from The National Heart, Lung, and Blood Institute (NHLBI)
Access at:
http://www.nhlbi.nih.gov/health/public/heart/obesity/lose_wt/index.htm
Users of this site can find many interactive tools that teach and help manage healthy diet including: a menu planner, recipes and a BMI calculator. Clicking on the link to "Part 2: Controlling Your Weight" links to information on selecting a weight-loss program, guide to behavior change, shopping, a menu planner a food-exchange list.

- **American Heart Association – section on Diet & Nutrition**

Access at: <http://www.heart.org>

On the left sidebar click on: "Healthy Lifestyle" and select: "Diet & Nutrition"

This section includes information and interactive tools to help maintain a healthy diet. The grocery list includes 800 foods that were screened by AHA to be low in saturated fat and cholesterol. This tool enables the user to select and print his own grocery list.

- **University of Michigan Cardiovascular Center – Learn About Cardiovascular Disease**

Access at: <http://www.med.umich.edu/cvc/learn/index.html>

This site links to overviews of heart conditions and disorders, tests, procedures, treatments, prevention and wellness topics.

University of Michigan Resources

- **Nutrition Services at The Preventive Cardiology program** at Domino's Farms offers a number of relevant programs and services including individualized counseling and group sessions to help individuals reduce risk disease and improve wellness. The service specializes in medical nutrition therapy for:

- Cholesterol and triglyceride reduction
- Blood pressure management
- Healthy weight management
- Metabolic syndrome/Insulin resistance/Pre diabetes
- Diabetes
- Congestive Heart Failure
