University of Michigan's
**Cosmetic Dermatology
& Laser Center**

Feeling confident about your outward appearance can build a deep inner confidence that changes the way the world sees you – and how you see the world.

Safe and Effective

The University of Michigan Cosmetic Dermatology & Laser Center (CDLC) offers you the most current, safe and effective treatment options at a world-class facility to help you achieve your personal goals. The CDLC provides treatment for patients with cosmetic concerns ranging from restoring a more youthful look to their skin, to removing unwanted hair, blood vessels, tattoos, or vascular birthmarks.

A Tremendous Range of Services

CDLC services are available for most cosmetic skin conditions. With a wide variety of laser systems on-site, each designed to achieve a specific result, your CDLC physician is able to select the most appropriate and effective laser treatment to address your cosmetic concerns. CDLC staff will provide the opportunity to learn more about which procedures are best for meeting your own individual needs. During your first visit, you and your CDLC physician will develop a plan tailored to address your personal cosmetic goals and expectations.

Experienced Physicians

At the CDLC, private and personal care is administered by board-certified dermatologists with specialized training in cosmetic skin and laser treatments. Unlike many cosmetic treatment centers, your CDLC physician is personally involved in your care, from the initial consultation, to providing treatment, through follow-up care. The CDLC is committed to providing the finest patient care every step of the way.
