Objective:
Connect to Smart View hosted by MCIT by updating Shared Connections URL.
MCIT Smart View URL: https://findatamgr.med.umich.edu/workspace/SmartViewProviders
MCIT Workspace URL: https://findatamgr.med.umich.edu/workspace/index.jsp

The new application ‘ConsFY14’ on the MCIT servers is equivalent to UMHSCons on the ITS servers.

Steps:
Launch MS Office Excel and navigate to the Smart View menu option. Click the Panel icon to launch the Smart View Connection panel.

Go to ‘Advanced’ tab->General->Shared Connections URL ->Paste the following URL to connect to ITS or MCIT

MCIT URL: https://findatamgr.med.umich.edu/workspace/SmartViewProviders
ITS URL: http://findatamgr.dsc.umich.edu/workspace/SmartViewProviders

Click on ‘OK’

Click on Smart View Panel, then click on Shared Connections and provide the username and level 1 password
Click on 'Connect'.

For connections to Essbase, select Essbase from the dropdown list.

Essbase will then connect to 'Essbase Cluster-I' for accessing all the applications.
Expand CONSFY14 Application to connect to TrialBal Database. TrialBal stores data from FY10 – FY14.
