- Raymond Yung (Geriatric Medicine, Rheumatology)

Inclusion on this national list places these doctors among the top five percent in their field. The list is compiled every two years by Best Doctors, Inc., and is based on an in-depth survey. It includes more than 45,000 physicians in 40 specialties and more than 400 subspecialties of medicine. In a confidential review, current physician listees answer the question, “If you or a loved one needed a doctor in your specialty, to whom would you refer?”
