University Hospital ~ 1500 E. Medical Center Dr. ~ 2nd Floor, Ann Arbor, MI

## **"Art and the Art of Medicine: A Starter Package of Images"**

**David A. Bloom, M.D.**  
**The Jack Lapedes Professor and Chair**  
**University of Michigan Department of Urology**

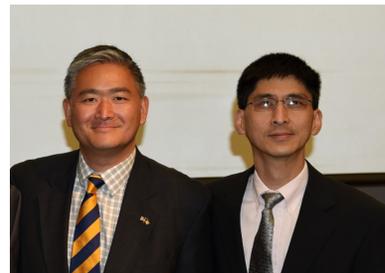

**The distinguishing characteristic** of humanity is **our art and one art, in particular** – that of tending to each other through what we call the art of medicine. As physicians & scientists we reduce the human condition to particularities of the human condition – in my case, urology. But success as physicians & fulfillment as individuals depend upon a larger understanding of ourselves & our place in the world.

Cheng-Yang Chang, Shu-chen Chen, & Ku-nien Chang

Shirley & Cheng-Yang Chang

Hamilton and Ted Chang

### **About the Chang Lecture on Art and Medicine**

This lecture series was established in honor of the extraordinary Chang family linking art and medicine. Dr. Cheng-Yang Chang was the first pediatric urologist at UM and a steadfast supporter of the Urology Department. Son of the esteemed Chinese painter Ku-nien Chang, Dr. Chang funded "The Shirley Chang Gallery of Chinese Art" in the UM Museum of Art expansion, in honor of his late wife. Support from the Chang Family Foundation helps make this lecture possible. We are grateful for Shirley and Dr. Cheng-Yang Chang's family, who continue the Chang Legacy at the University of Michigan. Special thanks to Dr. Theodore Chang and his wife Dr. Mary Gallant-Chang and Mr. Hamilton Chang and his wife Mrs. Lilly Chang for their proud history of support for Urology at Michigan.

**The public community along with UM faculty, staff, and students are welcome to attend.**  
**Sponsored by the UM Department of Urology**
