• The gallery is located in the Main Lobby on the first level of the UM Hospital, directly west of the main entrance.
• The gallery consists of three and two thirds panels - 60” in height x 120” in width, with the center eye level of the panel 66” from the floor.
• We reserve this exhibition space for larger artwork. Please choose work that has a minimum width of 36”, and a maximum height of 7’ tall.
• Artwork less than 52” in height will be mounted on the panels. Pieces between 52”-84” in height will use the rail system.
• The hanging rail system can accommodate artwork up to 7’ tall. Large quilts and paintings can be suspended by this system. Please call to discuss hanging mechanisms for large works.
• Wood frames need special security hardware and must be ready to install according to the Security Bracket Guidelines sheet provided.
• Gifts of Art will supply this hardware upon request along with installation instructions. Metal Neilson-type frames do not need any special hardware. Metal “clip” type frames are not allowed.
• The security system waiver provided must be signed for artwork that is framed without the security brackets or is not framed in Neilson-type frames.
• Artwork must have a finished appearance. Unframed, stretched canvases are acceptable with a painted or finished edge. Textiles must be on stretchers, framed or use a sleeve-and-rod-type system.

Drawing has approximate scale of 1/4” = 1’
