

Revised: July 22, 2009

The University of Michigan Health System / MLabs Blood Drawing Stations

MLabs offers adult and pediatric blood drawing services through the University of Michigan Health System Health Centers. Upon arrival, the patient must present a completed MLabs requisition to the receptionist. No appointment is necessary for routine services; please call ahead to schedule glucose tolerance testing. Sites marked with an asterisk (*) are recommended for pediatric patients. Hours are subject to change without notice.

Laboratory results are available only through your physician's office. Please do not contact the specimen collection facility or blood drawing station for test result information.
