

IRBMED Drop Box Location Has Moved

IRBMED offices moved to North Campus Research Complex (NCRC) on March 29, 2010. Our Submission Drop Box is now located at the Plymouth Road entrance to the NCRC buildings on the *east side* of Huron Parkway. Please note that this entrance is further east on Plymouth Road than the main NCRC entrance at 2800 Plymouth Road. This entrance is not marked at this time, but will be soon.

The Submission Drop Box is located on the side of the security building as you approach the lift gates to the parking areas. There is a turn-around before you reach the lift gates, making drop off of submissions easy and efficient.
