

WALTER B. JAMES, M.D.
SEVEN EAST SEVENTIETH STREET
NEW YORK October 29th, 1918.

Dr. E. R. Baldwin,
Saranac Lake, N. Y.

Dear Baldwin:-

I have yours of the 28th. I am sorry that I overlooked the matter of Nicholson but I thought I had written you. I am quite in accord with you if you think his record is good and see no reason why you should not put him on as a Fellow. I think I should do that right away just as soon as he is able to work.

I note that you are to be here on the 6th and of course I will keep some time for you. I presume you will come here that morning and I shall have plenty of time at my disposal to talk over everything with you. I am glad to hear that the Sanatorium has escaped influenza.

Sincerely yours,

Walter B. James
