

Organogenesis Bioartography Image Authorization Form

(Note: EACH PHOTO submitted must be accompanied by this form)

Agreement Statement (IMPORTANT – please read before signing below)

By signing this form, I agree that the image I am submitting belongs to me and does not belong to any other individual. If the image belongs to another individual, I will include an authorization form signed by the owner of the image.

If the image is accepted for Bioartography, the Center for Organogenesis will become the owner and holder of copyright and reproduction rights for the image. I understand that the Center has the right to further alter the image (including but not limited to size, color, Photoshop- alterations). I understand that the Center will reproduce and sell copies of this image at prices that are set by the Center. My signature also certifies that I have not previously published, nor do I plan to publish this image.

Name: _____ Signature, _____ Date: _____

Mentor: _____ Signature, _____ Date: _____

Contact information of submitter (provide address, phone, email):

Short description of work (describe the photograph for identification purposes):

The material pictured is from:

Cultured cells (state cell line and species) _____

Animal tissues (give UCUCA approval and dates) _____

[Note: pictures of embryos or human tissues will not be accepted; human cell lines, including human ES cell lines will be accepted.]

Provide a title for the photograph (The Center may modify this title):

Attach a one-paragraph description that will help the general public understand the scientific significance of the photograph and its subject. (Must be written in lay terms; the Center reserves the right to modify this paragraph).

- A printed copy of the submitted photograph **must** be stapled to this form when submitted.
- A digital copy **must** be submitted on a CD. Submit only high resolution (≥ 400 dpi) material.
- Though a separate submission form **must** be submitted for each photograph, the CD may contain multiple images. If submitting multiple images on a CD, please reference this fact on the submission forms.
