Level of knowledge (including new knowledge).  
Level of skills.

#### Methods to Evaluate Student Performance

Observation of performance by faculty.  
Observation of performance by house officers.  
Written/oral tests.

#### Course Description:

Students will be assigned to patient care teams for inpatient and outpatient experiences, and will participate in patient care duties and operative procedures. Experiences are available in trauma; foot surgery; adult reconstruction (spine and joint replacement); pediatric orthopaedics; hand and orthopaedic oncology; and sports. Students will generally be assigned to one of the services at the University Hospital or the Pediatric Orthopaedic Service at Mott Hospital. Assignments will take place on the first day of the service and every effort will be made to accommodate each individual's request.
