🌿 C.S. Mott Children's Hospital Fossil Floor *🌿*

about the project

The University of Michigan Credit Union (UMCU) and C.S. Mott Children's Hospital collaborated to develop the Foozel game application and coloring book to engage Mott's patients and families during their hospital stay. The projects were inspired by Michelle Oka Doner's art installation, "Ancient Arb I", a bronze fossil floor showcased at the main entrance of the C.S. Mott Children's Hospital. The fossil floor was part of UMCU's gift benefiting the C.S. Mott Children's Hospital and the Von Voigtlander Women's Hospital.

Foozel begins in the C.S. Mott Children's Hospital lobby where the fossil floor breaks and transforms into a starry sky, taking its audience back in time to the prehistoric era of the dinosaurs. The goal is to collect fossil floor pieces from each of the four games and repair the fossil floor. Once all four pieces are collected, the audience is returned to the present-day lobby.
