DEA LICENSURE

The application fee is **NON-REFUNDABLE** regardless of whether a registration is issued or not.

You must be currently employed by Michigan Medicine to qualify for the fee exempt.

NEW Guidelines for claiming DEA Fee Exemption

As you will be practicing in hospitals (University of Michigan Hospitals & Health Centers only) that are officially designated by the Drug Enforcement Administration as “federal, state, or local government operated hospitals” an exemption from payment of the application fee is granted. **If you are practicing at locations outside of University of Michigan facilities** (examples: VA Medical Center (Ann Arbor), Hurley Medical Center, Allegiance Health System, Trinity Health, Chelsea Community Hospital, etc.) **you should not apply for a fee-exempt DEA.**
