We now offer online hospital affiliation verification for privileged providers. A letter is generated showing the dates of hospital affiliation for each provider requested.

It is your responsibility to ensure that the appropriate waiver and release have been obtained prior to accessing the information on this website:

<https://affiliation.med.umich.edu/affiliationletters>

1. Create a user name and password if you have not already done so.
2. Enter the provider's name and click "enter" to search.
3. Click on the name of the provider to generate a letter.

In the event you are unable to obtain the information requested from our website, please fax a signed release with your request to (734) 936-9757 and include a copy of the message showing "no results found" on iResponse. **Before faxing or mailing your request, please check our website first.**

Please note that our electronic credentialing database was implemented in 2001. ***We are unable to verify hospital privileges for any terminated providers prior to that date.***

Thank you in advance for supporting our online service.

Sincerely,

Medical Staff Services
