

**Professional Development Framework
Role Specific Advancement Model**

Exemplar Self Check

To best ensure that your exemplar most fully imparts your practice, check it for the following before submission:

_____ The story is taken from my practice within the last year and in my current position

_____ The story has a title

_____ The story includes:

_____ a beginning/introduction setting context

_____ body

_____ conclusion

_____ The reader can see the patient &/or family in the story:

_____ what the patient &/or family is doing

_____ what the patient &/or family is saying

_____ The reader can see me in the interaction

_____ what I was doing

_____ what I was thinking

_____ what I was saying

_____ I shared why this story was particularly meaningful or memorable to me/changed my practice and/or resulted in a practice change in my clinical area

_____ The story reflects my best practice

_____ Patient/family names are completely changed (not "Mr. B." if patient is "Mr. Black")

_____ Staff and team member names are completely changed (as above)

_____ The story was spell-checked and proofread for grammatical errors
