

UNIVERSITY OF MICHIGAN SCHOOL OF MEDICINE REPRODUCTIVE BIOLOGISTS/PHYSIOLOGISTS

The Reproductive Sciences Program at the University of Michigan Medical School, which includes the Departments of Cell and Developmental Biology, Obstetrics & Gynecology, Pediatrics, Physiology, and Urology invite applications for tenure track positions at the levels of ASSISTANT PROFESSOR, ASSOCIATE PROFESSOR and PROFESSOR. We seek 4-6 outstanding scholars, with Ph.D., M.D. or combined Ph.D. and M.D. degrees with relevant postdoctoral or fellowship training with an established record or exceptional potential for conducting translational and fundamental research in the Reproductive Sciences. Areas of interest include, but are not limited to: fetal origins of adult disease; stem cell biology; physiologic, cell biologic, neuroendocrine; and genetic and epigenetic control of reproduction. Applicants should send by June 1, 2009 a curriculum vitae, a 1-2 page summary of research plans, and provide 3-5 names of references directly to:
