Do You Worry About Falling?

If so, allow our dedicated team of therapists assist you.

The **Senior Assessment of Fall Risk** Program at MedRehab Briarwood is designed to:

- Assess people's risk of falls
- Determine the cause of falls
- Design a treatment program utilizing Physical Therapy and/ or Occupational Therapy to improve balance, mobility and function
- Provide education to reduce the risk of future falls

Allow our therapists to customize a treatment program designed to address your unique needs.

Have your doctor refer you for a comprehensive fall risk assessment.
