

# SAVE THE DATE - 10.30.2019

## Treatment and Management of Concussions in the Athlete

Complimentary Dinner on Wednesday, October 30, 2019 at 6:30pm

**Novi Chop House | 27000 S. Karevich Drive | Novi, MI 48377**

This program is part of a series of outreach meetings for Primary Care, Family Medicine, Pediatrics, Sports Medicine and Neurology Physicians and their midlevel providers. You will be provided with up to date guidelines for diagnosis and management of concussions and the safe return to play for athletes.

### COURSE OBJECTIVES:

Upon completing this course, the participant will be able to:

- Inform patients of the importance of early activity and physical therapy in concussion recovery.
- Educate patients and families on the importance of the gradual return to play and return to learn.
- Recognize the mental health component of concussion.

### PRESENTED BY:

**Andrea Almeida, MD**  
Assistant Professor

**Cindy Munday, PT, MPT**  
Physical Therapist

**Bara Alsalaheen, PT, PhD**  
Assistant Professor

**Mike Popovich, MD**
