

IDENTIFICATION AND MANAGEMENT OF ESSENTIAL TREMOR

This program is part of a series of outreach meetings for Primary Care, Family Medicine and Neurology physicians and their advanced practice providers. You will be presented with up-to-date guidelines for diagnosis and management of Essential Tremor.

Presented by:

Kelvin Chou, MD

Professor, Neurology, Faculty Co-Planner

Parag Patil, MD, PhD

Associate Professor, Neurological Surgery, Faculty Co-Planner

Karin Muraszko, MD

Professor, Neurological Surgery, Faculty Planner

Course Objectives:

Upon completing this course, the participants will be able to:

- Educate patients on the latest information regarding the diagnosis, monitoring and treatment of essential tremor.
- Utilize current standards of optimal medical management for essential tremor.
- Educate patients on the different surgical and noninvasive approaches for essential tremor.

We hope you will join us for this informative discussion. Please RSVP by October 19 using the following link: umhealth.me/tremor. Or, via email to MichiganMedicineOutreach@med.umich.edu. Seating is limited, register today. We look forward to seeing you.
