UNIVERSITY OF MICHIGAN

Achieve a greater understanding of the LGBT Older Adults in your community- personally and professionally. It will help you to determine ways to help your clients, colleagues, neighbors, friends and family feel safer and more secure in our communities. It will inform you as to why LGBT older adults are least likely to access health and social services. The workshop will help you in establishing some best practices for helping LGBT older adults feel more included in aging network organizations. It will provide tools and education to better serve the LGBT older adults who currently access your services or are in need of your services.

UNITED METHODIST
RETIREMENT COMMUNITIES

When is it time to move into a senior living residence? What do I need to consider before making these decisions? Studies show that the vast majority of older adults prefer to age in place in their own home. However, the reality is that most people, for a variety of reasons, will move into some type of senior residence. Join us for a talk on the decision-making process on whether you should stay at home or enter into a retirement or other type of senior housing.

Speaker: **Janet Hunko**, LMSW, Director, Housing Bureau for Seniors, and **Monique Wright**, LLMSW, Housing Counseling/ Eviction Prevention Coordinator, Housing Bureau for Seniors
