

My GROW Study Appointment:

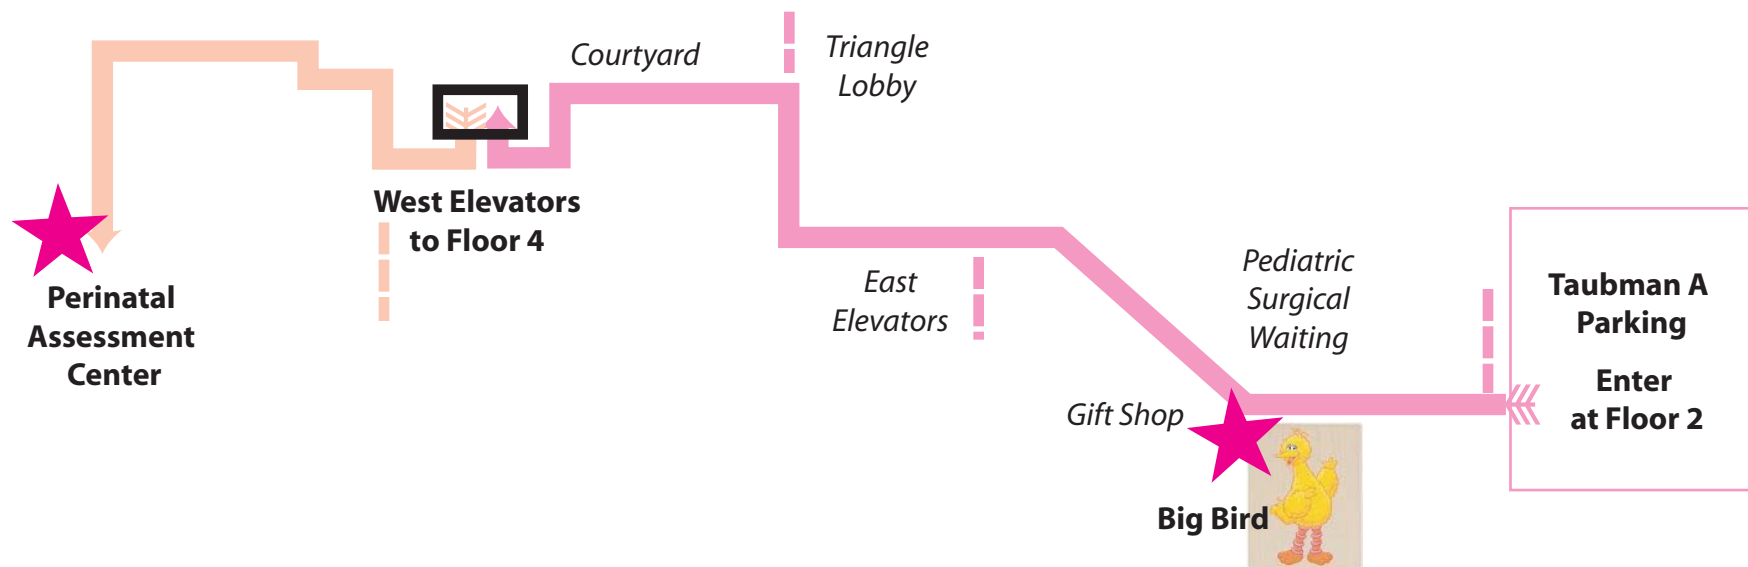

Date:

Time:

Location:

Lost? Running late? Questions?

Office phone: 615.3108 Pager: 6627 PAC phone: 763.4264

All GROW Study visits take place in the **Perinatal Assessment Center (PAC)**, located on the **fourth floor of Mott Hospital**, around the corner from Labor and Delivery. A GROW Study team member can meet you in the PAC, or in the 2nd floor Mott Lobby near Big Bird if you are unfamiliar with the hospital.

Directions:

Parking for Mott Children's Hospital is in **Parking Structure A**. Use the South Entrance. Remember the level on which you parked.

Locate the **south** parking structure elevators. Take the parking structure elevator to **Floor 2**. Turn left after exiting the elevator and enter the Taubman Center. The Welcome/Registration Desk is on your right, and a cafe stand on your left.

Proceed straight through the lobby into Mott Children's Hospital. You will see the Pediatric Surgical Waiting Area on your right. **Big Bird** is on the left. A GROW Study team member can meet you here if you are not sure you can locate the PAC on your own. She will be carrying a bright pink clipboard so you can recognize her.

If you are not meeting the GROW Study team member at Big Bird, continue on to the PAC. Pass through the lobby and past the Friend's Carousel Gift Shop and the East Elevators on your left. Turn right at the bottom of the ramps, then left at the "Triangle" lobby. You will see the Health Center courtyard on your right. Turn left at the next hallway to find the **West Elevators**. You may have to check in at the information desk there.

Take the West Elevator to **Floor 4**. Turn right off the elevator, then right again. Proceed through the doors on the left side of the hallway, and follow the ramp down as it turns right, then immediately turn left at the bottom of the ramp. The PAC will be in front of you. The GROW Study team member will be waiting for you in the clinic.
