“Hail to the Victors Valiant!”

“The Administrative Fellowship here at Michigan is an important step in the career of the emerging health care leader. I have always seen the fellowship as a rare opportunity to participate and experience the academic health center from the inside out with assignments from and exposure to, leaders who are making a difference in our missions of patient care, education and research. The fellowship at Michigan makes for a unique and comprehensive experience….demanding but so rewarding.”

~Tony Denton
Senior Vice President and Chief Operating Officer
University of Michigan Healthcare System
