• The gallery is located in the U-M Comprehensive Cancer Center, on the first level. The main entrance to this building is on the ground floor, level B2.
• The gallery consists of four panels - 50” in height x 110” in width and two panels - 50” in height x 140” in width, with the center eye level of the panel 66” from the floor.
• Please use this guide to determine how many pieces will adequately fill the space.
• Artwork cannot measure more than 46” in vertical length.
• Wood frames need our special security hardware and must be ready to install according to the Security Bracket Guidelines sheet provided.
• Gifts of Art will supply this hardware upon request along with installation instructions.
• Metal Neilsen-type frames do not need any special hardware. Metal “clip” type frames are not allowed.
• A security system waiver must be signed for artwork that is framed without the security brackets or is not framed in Nielsen-type frames.
