What do I do if I have concerns?

Emergency:

If you are experiencing an emergent alarm or emergency situation, call the VAD emergency number at **(734) 477-6722**. A member of the VAD team is on-call 24 hours a day, 7 days a week.

Non-emergency:

If you have a non-emergent situation (like verifying your clinic appointment, medication refills, or general questions), please call the Frankel Cardiovascular Call Center at **(734) 647-7321** Monday through Friday from 8:00 AM – 5:00 PM.

Follow these steps to call the Frankel Cardiovascular Call Center:

1. Dial (734) 647-7321.
2. Press option 2.
3. Listen to the automated message.
 - a. The message will ask you to “Press 1 for new patient” or “Hold and stay on the line.”
4. Hold and stay on the line. **Do not press 1** for new patient.

[MyUofMHealth.org](https://myuofmhealth.org) is a secure online patient portal that gives you another way to communicate with your care team. This tool allows you to:

- Request, view, and cancel appointments, or self-schedule an appointment with an established provider
- Receive laboratory and other test results

- Send non-urgent messages to your care team (this can help you avoid “phone tag”!)
- Review prescription medications and request prescription renewals

If you need further assistance, you can e-mail the Health Information Management department at HIM-PatientPortal@med.umich.edu, or you can call (734) 615-0872 Monday through Friday from 7:30 AM – 4:00 PM.

What support and resources are available?

We strongly recommend joining the VAD Patient and Family Support Group. Call the Adult Heart Transplant and Center for Circulatory Support social work office at (734) 763-9788 for more information. Our website is an excellent resource to learn more: medicine.umich.edu/dept/cardiac-surgery/patient-information/adult-cardiac-surgery/vad-program

We look forward to working with you and your family! We want you to be involved in your care. We encourage you to speak up if you have questions or concerns or if something does not seem quite right.

Sincerely,

The Center for Circulatory Support Program staff
