

# Magic Bullet (Bisacodyl-Rectal)

Magic Bullet is a water based stimulant laxative as a suppository. It works by irritating the digestive tract and stimulating intestinal activity. It can be used to treat constipation or to clean out the intestinal tract before bowel examinations or surgery.

## What precautions should I take?

- Do not use Magic Bullet without consulting your doctor if you have:
  - stomach or intestinal problems
  - recent abdominal surgery
  - rectal bleeding
  - vitamin/mineral deficiencies
  - appendicitis
  - allergy to Bisacodyl
- Magic Bullet may be harmful if swallowed. Do not take orally.
- Tell your doctor about all prescription and nonprescription medication you may use.
- Makes sure to drink enough fluids while using Magic Bullet.

## What is the correct dosage?

Use one suppository rectally as needed or as directed by your doctor. If you miss a dose, skip it. Do not double the dose.

## How do I use the Magic Bullet?

1. Wash hands.
2. Use gloves (optional)
3. Unwrap Magic Bullet
4. Use a water based lubricant to make the suppository slippery
5. Lie on your left side with the right knee slightly bent
6. Insert the suppository into the rectum with your finger
7. If possible, avoid a bowel movement for 10 to 15 minutes to allow the medication to work

## Where can I purchase the Magic Bullet?

**Magic Bullet can be purchased at the Michigan Medicine pharmacy:**

- 10 count box - \$7.78
