## Liberatory (Gufoni) Maneuver for Right Horizontal Canal—Geotropic

Begin by sitting on the edge of your bed. Sit with your head facing straight ahead and your chin level.

Quickly lie down onto your **left** side. Wait for all your symptoms to go away plus an additional 1 minute.

Quickly turn your head so you are looking diagonally towards the floor (45 degrees downward). Stay in this position for 2 minutes.

Slowly return to a sitting position and keep your head level for 15 minutes.
