

Breast Prosthesis and Bra Resources

A **breast prosthesis** is a wearable device to give you the look and feel of a breast after a **mastectomy** (breast tissue removal surgery). If you are looking for a prosthesis or other mastectomy supplies, here is a list of several specialty shops and medical supply stores in the Ann Arbor, Flint, and metro Detroit areas and online. Some services require a note or prescription from your care team, so check with each location on their requirements and what insurances they accept.

Free Knitted or Crocheted Prostheses

We have a small selection in the clinic. Ask your provider for details.
