

# Compression Sleeve Resources

A **compression sleeve** is a wearable device to help you manage swelling and discomfort from lymphedema. If you are looking for options, here is a list of several supply stores in the Ann Arbor and metro Detroit areas and online. Some services require a note or prescription from your care team, so check with each location on their requirements and what insurances they accept.

Call ahead to schedule an appointment for the fitting and purchasing of the compression sleeve.
