

Michigan Medicine Lodging

UMHS provides patients and visitors with the choice of three programs to meet their lodging needs: the on-site 30-Room Med Inn Hotel, Respite House, and Michigan Medicine Lodging. Each option has the same mission and purpose: to provide a place of respite for our patients, their families, and visitors.

Med Inn Hotel Staff Members

“ While it can be hard to get a room here sometimes, the Med Inn is perfect for those who have family in the hospital. Long nights by the bedside are made a little more bearable if you only have to walk to your hotel room in the same facility...All in all, I would highly suggest this place for those who have loved ones inpatient at U of M hospital. ”
