MCARD ID Badge Information

All Students must wear a University of Michigan Health System (UMHS) MCard ID Badge at all times in the clinical areas. Please see the information below for your specific instructions.

UMSN Students (Ann Arbor and Flint) and Instructors
All students and instructors must exchange their campus MCard ID badge for a health system MCard ID badge at the Key/ID Office in order to gain access to health system doors. The campus badge will not function with the health system door readers. Your campus access will be maintained on the new badge. (If you are also a health system employee, please see the section on UMHS Employee Students below).

- **UMSN Undergraduate Students:** School of nursing instructors are the designated signers on the ID Card Request Form for each new student. Please see full instructions in steps 1, 2, 4, 5, 6 and 7 below. UMSN seniors placed in Children’s Emergency Services (CES) must wear a Yellow Lanyard provided by CES with their ID badge.

- **UMSN Graduate Students:** The school will provide a signed ID Card Request Form to UMSN Ann Arbor students. The Clinical Placement Office will provide UM-Flint students with the signed Form via email. You must take the Form (with the information completed on the top half) and your campus ID badge to the Key and ID Office to obtain your new badge. Students working on a unit that requires additional access approval must have the instructor ask the unit to email the Key/ID Office at keyidoffice@med.umich.edu to grant authorization. Instructors are to give the unit a list of the student names and uniqnames. When the unit submits this to the Key/ID Office for authorization, the access will be granted remotely.
