Medicare Advantage Plans are offered with different plan designs.

- **HMO** – Members are required to select a participating PCP and referrals may be required for specialty care (varies by plan). **All out-of-network care requires prior plan authorization.**
- **D-SNP** – Members are required to select a participating PCP and referrals may be required for specialty care (varies by plan). **All out-of-network care requires prior plan authorization.**
- **MI Health Link** – Special Medicare-Medicaid Demonstration plan available on in certain regions of Michigan. Similar to an HMO, members are required to select a participating PCP and referrals may be required for specialty care (varies by plan). **All out-of-network care requires prior plan authorization.**
- **POS** – Members are often required to select a participating PCP. Referrals may be required for specialty care (varies by plan).
- **PPO** – Members are not required to select a PCP. No referral required for specialty care. Out-of-network care will incur higher out-of-pocket costs but does not need plan approval.
- **PFFS** – Most plans do not have a network of providers. No referral required for specialty care.
