Location: Independence Village of Plymouth
14707 Northville Road, Plymouth, MI

Achieve a greater understanding of the LGBT Older Adults in your community - personally and professionally. It will help you to determine ways to help your clients, colleagues, neighbors, friends and family feel safer and more secure in our communities. It will inform you as to why LGBT Older Adults are least likely to access health and social services. The workshop will help you in establishing some best practices for helping LGBT Older Adults feel more included in aging network organizations. It will provide tools and education to better serve the LGBT Older Adults who currently access your services or are in need of your services.

CEUs: This activity is pending approval for 1.5 CEUs from the National Association of Social Workers.
